- Proven ability to work effectively both independently and as part of a team

UNTITHNARIN

SOPHOMORE YEAR AS A
DATA SCIENTIST

WORK EXPERIENCE

- Education

Bachelor of Computer Science at
Cambodia Academy of Digital Technology
Pursuing a degree in Computer Science with a focus on data science. Gained foundational knowledge in various programming languages, including C, C++, and Python, which I have applied to coursework and practical projects. Actively engaged in startup and entrepreneurship events, such as Unipreneurship, where I honed my skills in innovation, teamwork, and real-world problem-solving. This combination of technical and entrepreneurial experience has equipped me with a versatile skill set to excel in tech-driven environments.

- Volunteer

- Assisted in organizing and coordinating events for the Computer Science department
- Contributed to various projects requiring data analysis and interpretation
- Collaborated with peers and faculty members to support academic initiatives

Languages:

- Khmer (Native)
- English (Fluent)
